

Hi. I am writing to comment on my personal opinion of K-LOVE radio station (94.7, 94.9 & 105.3 in my area). First of all, I live in Southaven, MS which is right on the state line of Memphis, TN. I have lived here for 6 years. K-LOVE serves as the most informative, inspirational and encouraging radio station that I have ever participated in listening to. It has become part of my family. There are other local Christian radio stations but none (in my opinion) with the ability to speak as K-LOVE. The time that we live in no doubt calls for MAJOR ENCOURAGEMENT and that's exactly what we get listening to K-LOVE. It is also a MAJOR witnessing tool getting the gospel of our LORD JESUS CHRIST out to all walks of life. K-LOVE plays a variety of contemporary Christian music that GOD uses to speak to each one of us. Also a huge positive is that there are no commercials. Some radio stations have so many commercial breaks that you tend to forget what you were listening to or why. If K-LOVE should go off the air I personally do not know what I would be able to replace it with. I suppose the only choice that I would have is to listen to cd's since there really isn't a station in this area that would provide what K-LOVE does. K-LOVE is a family of GOD which is why it becomes part of each and every family that tunes in to it. Please do not remove such a vital ministry from us. We need the encouragement and more so those who don't even know the LORD JESUS. It's just a huge blessing to be able to turn the radio on and hear from GOD just at the right time through uplifting music or encouraging scriptural reading! PLEASE DON'T TAKE THIS STATION AWAY!!! WE NEED IT!!!
